Relief Problem

Relief administrator Hopkins is reported to have declared that Virginia must raise five million dollars per year to supplement federal funds being sent into the state, i fhe flow of Uncle Sam's money is to continue.

If that is true and Mr. Hopkins holds to that ruling, it will, to say the least, put us "on the spot", for Virginia can't and won't raise taxes enough to get an extra five million dollars per year.

Gee, Mr. Hopkins: —five million dollars— that a mighty big order for us. We'd like to keep on getting federal relief funds, and taer are a big help to our people, but we can not and will not BANKRUPT THE FEW LEFT WHO ARE STILL SELF-SUPPORTING and feel that the return of prosperity is rapidly becoming an actuality.

What's more, Mr. Hopkins, we are not going to relish that bill increasing federal taxes that congress is going to have to pass sooner or later.

We fought a war once on the principal of "STATE'S RIGHTS" and we aren't going to have a burcaucrat in Washington dictating to us to increase local taxes to the extent of five million dollars a year.

And somebody might as well realize that it ISN'T FEDERAL relief money at all, but rather dollars that must be coughed up by the PEOPLE.

Divide 48 into five billion and see what our share of your latest federal relief fund is. By heck, our great-great grand-children will be "humdingers" if they get that much off the debit side.

HER BOY HAD ALWAYS BEEN WEAK AND PUNY

"My four year old boy had been weak and puny since birth, and had constipation and indigestion. Nothing did him any good until we tried Milks Emulsion. Since using it, he can't get enough to eat and has outgrown his childhood trouble. He plays out with the children now, and he was never able to do that before." —Wm. Heart, 424 Bundy Ave., New Castle, Ind.

Weak, ailing children usually start eating and getting stronger from the very first bottle of Milks Emulsion.

Milks Emulsion restores healthy, natural bowel action. Milks Emulsion is strongly recommended to those whom sickness has weakened.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream.

You are urged to try Milks Emulsion. Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and $1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

How your MONEY WORKS FOR YOU IN A *Checking Account*

When you put your money in a savings account you get interest on it. In a checking account you get service for it—and let the bank draw the interest. In return for this interest the bank gives you privileges worth far more to you than the interest itself.

When you maintain a balance commensurate with your use of your checking account privileges, the bank will be reimbursed for the expense of serving you. Otherwise, the bank may properly look to you to meet this expense.

Money in a checking account is an investment that pays you real dividends.

AGENT'S SERVICE: Its value is often overlooked by the policyholder because it has been rendered in so unobtrusive fashion

We rec the work of many agent's and many of them give their assured service that is literally beyond price.

There are a few who do not give value received.

The competent agent who has rendered a full measure of service—and has impressed that upon his assured—has little to fear from competitors who sell their wares on price, who dregle a prospective 'savin' of a few premium dollars before their prospect's eyes and cire—fully say nothing of the liabilities he will assume to get that "saving."
